

Emergency Coordinator (EC)

Primary function: incident logging, accountability, notifications, coordination and documentation. This role must remain clearly different from the Logistics Commander.

YOU REPORT TO / REPORTING STRUCTURE

Reports to the Incident Commander (IC).

FIRST 0–3 MINUTES

- Report to IC.
- Record activation time.
- Open the incident log.
- Record incident type, location, first report, IC activation time and roles assigned.
- Obtain current guest and team-member lists.

NEXT 3–10 MINUTES

- Start the incident timeline.
- Record all significant decisions.
- Record calls/notifications.
- Support IC with external contacts.
- Obtain headcounts/status reports.
- Track missing/unaccounted persons.
- Prepare relevant forms.
- Record Head Office notification.

ONGOING RESPONSIBILITIES

- Maintain live event chronology.
- Maintain notification log.
- Record agency contact and instructions.
- Maintain guest/team-member accountability.
- Manage documentation.
- Collect situation reports.
- Support Guest Liaison where required.
- Keep Head Office information accurate.
- Maintain forms and records.

DO NOT

- Do not issue tactical instructions to Responders unless specifically directed.
- Do not become the Logistics Commander.
- Do not issue media statements.
- Do not speculate.

BEFORE ALL CLEAR / HANDOVER

- Confirm final accountability figures with IC/OC.
- Close out the timeline.
- Complete incident reporting.

FORMS / TOOLS TO GRAB

- A14 Incident Report
- A15 SITREP
- A16 Crisis Communications Pack
- A34 Radio Code List

REMEMBER

If it isn't logged, it didn't happen. Keep the chronology live and accurate — everything else in this response gets reconstructed from your record.
