

ICS Activation Checklist — Country Shutdown / Movement Restriction

Phase 1 — Immediate Action (0–6 hours). Secure communications, staff, guests, fuel, and power.

Step	Phase	Action	Responsible	Confirmations
1	Phase 1	Confirm the national restriction announcement with Head Office and authorities (radio/satellite).	IC (GM/AGM)	☐ Government announcement verified ☐ Communication established with HO
2	Phase 1	Activate the Incident Command Team and assign roles: OC (Maintenance Manager), LC (Executive Chef), EC (Front Office Manager), Medic (Nurse/First Aider), Responders (HODs/Security).	IC	☐ ICT activated · roles assigned ☐ ICS board updated and displayed
3	Phase 1	Conduct a staff briefing — emphasise calm, discipline, and task assignments.	IC / EC	☐ Staff briefed · comms log updated
4	Phase 1	Inform guests clearly and calmly; explain safety measures and the limited operations plan.	EC / FO Manager	☐ Guests informed · comms log updated
5	Phase 1	Assess and secure 14 days of fuel stock for generator and vehicles.	OC / LC	☐ Stock levels confirmed · generator fuelled
6	Phase 1	Limit generator use to essential hours (05:00–09:00 / 17:00–23:00).	OC	☐ New schedule displayed · staff informed
7	Phase 1	Check generator oil, filters, and backup batteries.	OC	☐ Maintenance completed · system functional
8	Phase 1	Limit vehicle movement strictly to emergency use, medical evacuation, or essential supply runs once cleared by authorities.	OC	☐ Vehicle movement limited
9	Phase 1	Fill all water tanks and ensure treatment systems are running.	OC / Housekeeping	☐ Tanks full · water treatment confirmed
10	Phase 1	Initiate the Emergency Communication Chain (IC → Head Office → Park Authority → DMCs).	EC	☐ Chain activated · contact log started

ICS Activation Checklist — Country Shutdown / Movement Restriction (cont.)

Phase 2 — Stabilisation (6–24 hours). Secure supplies and maintain operational sustainability for 14 days.

Step	Phase	Action	Responsible	Confirmations
1	Phase 2	Conduct a full Food & Beverage inventory (dry, chilled, frozen).	LC / Executive Chef	☐ Stock counted · inventory sheet signed
2	Phase 2	Develop a 14-day ration plan with perishable-use priority and portion control.	LC	☐ Ration plan posted in kitchen
3	Phase 2	Freeze perishable proteins and vacuum-seal fresh produce.	LC	☐ Frozen items logged · vacuum sealing done
4	Phase 2	Review daily fuel and generator consumption; report to IC.	OC / EC	☐ Consumption log submitted
5	Phase 2	Maintain a 50% reserve fuel threshold for emergencies.	OC	☐ Reserve secured · stock check signed
6	Phase 2	Under IC direction, Housekeeping implements a linen rotation plan — reduce daily changes unless necessary.	IC / Housekeeping	☐ Linen log implemented
7	Phase 2	Verify the First Aid kit, medical supplies, and expiry dates.	Medic	☐ Kit restocked · expiry checked
8	Phase 2	Identify the nearest medevac airstrip and confirm contact with the Ranger Post, under IC/EC direction.	Medic / EC / IC	☐ Airstrip confirmed · radio/satellite phones tested
9	Phase 2	Prepare a Staff Food Plan for 14 days; secure dry rations.	LC	☐ Staff kitchen stocked
10	Phase 2	Implement staff shift rotations and designate a morale officer.	IC / EC	☐ Shifts posted · morale officer assigned

ICS Activation Checklist — Country Shutdown / Movement Restriction (cont.)

Phase 3 — Operational Stability (Days 2–14) and Phase 4 — Recovery & Reporting (post-restriction).

Step	Phase	Action	Responsible	Confirmations
1	Phase 3	• Continue twice-daily communication with Head Office (AM & PM).	EC	☐ Logs completed
2	Phase 3	• Conduct daily staff and guest briefings with verified updates only.	IC / EC	☐ Briefing done · log signed
3	Phase 3	• Provide in-lodge guest engagement activities (nature walks, stargazing, lectures).	OC / Guides	☐ Guest morale maintained
4	Phase 3	• Maintain 24-hour security at gates and boundaries; limit access to authorised personnel only.	OC / Security	☐ Patrol roster active
5	Phase 3	• Restrict vehicle use to emergency or medical response; uphold linen rotation and reduced laundry.	IC / OC / Housekeeping	☐ Usage log approved · linen log updated
6	Phase 3	• Separate and reduce waste; dispose safely to prevent wildlife attraction.	OC / Housekeeping	☐ Waste managed safely
7	Phase 3	• Record the Daily SITREP: fuel, food, water, power, and staff status.	EC	☐ SITREP filed daily
1	Phase 4	• Conduct an audit of fuel, food, and housekeeping supplies; place restocking orders.	LC / OC	☐ Audit report completed · orders sent
2	Phase 4	• Resume full generator and housekeeping operations.	OC / Housekeeping	☐ Systems normalised
3	Phase 4	• Hold a full staff debrief & recognition session to discuss lessons learned.	IC / EC	☐ Debrief held · attendance signed
4	Phase 4	• Submit a Post-Shutdown Report to Head Office within 48 hours (duration, inventories, guest issues, incidents, recommendations).	IC / EC	☐ Report submitted
5	Phase 4	• Conduct emotional support or counselling for staff who experienced stress or isolation.	IC / Medic	☐ Well-being check done
6	Phase 4	• File and store all documentation: communication logs, SITREPs, generator log, food stock sheet, and Post-Shutdown Report.	EC	☐ Documents archived
