

Fire Marshal

Primary function: fire response coordination — alarm, evacuation support, and safe containment within trained capability.

You report to

Reports to the Operations Commander (OC).

First 0-3 minutes

- ☐ Respond only when safe.
- ☐ Confirm fire location/type.
- ☐ Activate/confirm alarm.
- ☐ Report to OC.
- ☐ Assess whether trained team members can safely use available extinguishing equipment.
- ☐ Support immediate evacuation.

Next 3-10 minutes

- ☐ Direct trained fire responders.
- ☐ Confirm escape routes.
- ☐ Ensure affected rooms/areas are swept where safe.
- ☐ Identify isolation points for electricity/fuel where applicable.
- ☐ Report fire status to OC.
- ☐ Confirm fire-service access.

Ongoing responsibilities

- ☐ Monitor fire status and spread risk.
- ☐ Coordinate with arriving fire services.
- ☐ Support OC with sector sweeps and access control.
- ☐ Report changes in status to OC without delay.

Do not

- ☐ Do not send untrained people into smoke/fire.
- ☐ Do not compromise life to save property.
- ☐ Do not fight a fire beyond capability.
- ☐ Do not permit re-entry before All Clear.

Before All Clear / handover

- ☐ Confirm fire fully extinguished / made safe with fire services.
- ☐ Confirm structure safe for re-entry.
- ☐ Report to OC before All Clear is declared.

Forms & tools to grab

- ☐ A8 Fire Safety Checklist
- ☐ A9 Equipment Audit
- ☐ A19 Fire ICS Checklist
- ☐ A34 Radio Code List

Remember

Life over property, always. If it's beyond your training or equipment, contain, evacuate, and wait for fire services.
