

Kitchen Menu & Batch Log

Complete for every meal service. Retain a labelled sample of each dish for 72 hours — this is what allows an outbreak to be traced back to its source. Keep logs for 3 months.

MEAL SERVICE — B / L / D

Dish name	Batch / prep time	Prepared by	Key ingredients / supplier	Retention sample taken	Sample discard date

Retention Sample Procedure

- ☐ Take a labelled 100–150g sample of each dish served
- ☐ Label with dish name, date, and time prepared
- ☐ Store sealed in the designated retention fridge
- ☐ Discard 72 hours after service if no illness reported
- ☐ If an outbreak is suspected, hold samples and notify the Incident Commander - do not discard
- ☐ Samples may be requested by the health authority for testing
